Highlights

Through the efforts of five Teachers on Assignment, the District has revamped the curriculum development process. Subject area committees have adjusted the district standards to be in line with the state power standards.

The district continues to grow. Willow Creek Elementary will open in August; Columbia High School is under construction and will open in August of 2006.

For the past two years, we have given parents the option of having their 6th grader attend an elementary school or a middle school. This year, 84% of the 6th graders are at the middle schools. For next year, all of them will be attending middle schools.

Progress Towards Meeting Goals

2004-05 Goals

Progress

Design and implement a guaranteed and viable curriculum

Curriculum committees dealing with language arts, mathematics, science, social studies, physical education and health, writing, and the humanities have met during the year. They have modified district curriculum to ensure K-12 alignment within the district as well as alignment with state power standards. Committees have reviewed the curriculum materials used and made recommendations that include all students, including those in special populations.

Implement challenging goals and effective feedback

District leaders have worked to provide clear expectations and guidelines for continuous improvement. Procedures and processes are in place to provide timely and accurate information for disaggregated groups. Building staff will use that information in program development.

Adequate Yearly Progress and Assessment 2004-05

Did Nampa School District make Adequate yearly progress for 2004-05? No

Percent of the 41 targets that Nampa School District made: 82.93%

The goal in our nation is for all students in grades 3 through 8 and 10 to be proficient in reading and math by the spring of 2014. Idaho uses the Idaho Standards Achievement Test (ISAT) and the Idaho Alternate Assessment (IAA) to measure proficiency. This report shows the percentage of students who met state goals for proficiency in reading and math.
